• A Global, Real-Time Multiplayer Game Get together with up to four other people and enter the Lands Between. When in the game, you can see your partner's party profile and map location, and you can communicate with them directly. • All Players Have the Same Character Even though all players have different gender and face, your character is the same. • Challenging and Fun Mini-Quests Various quests are available at the beginning of each game, and you can find the best time to be active by following certain quests. You can also communicate with other players and connect with quests. • A Wide Selection of Attributes Customize your weapon, armor, and magic with various attributes. You can increase your strength, speed, and attack power to deal a damaging blow to your enemies. Elden Ring Game Features: • Real-Time Multiplayer Chats between players happen in real time, so when you join in a game, you will immediately be able to communicate with other players. • Multiple Map and Equipment Variation A wide variety of map and equipment, allowing you to play in the game in a way that best suits your play style. • A Variety of Quests In addition to the typical quests for increasing EXP, items, and equipment, there are also quests that you can obtain through various elements of the game, such as combat, social skills, and casting. • A Variety of Characters We have reproduced various characters from the original Elden Ring game, including characters from the songs of the anime Sound! Euphonium, Fairy Tail, and more. • Play Style You can customize your character's appearance, equipment, and magic, and you can even combine the two together to create a character that is not possible in the original game. • A Different Battle System In the original Elden Ring game, there was no need to have armor with different ranges for attacks and blocking, so the equipment and abilities you used had different effects. However, in this game, you can freely combine weapons, armor, and spells that have different ranges, allowing you to play in a way that best suits you. Starless is a turn-based, tactical strategy RPG with rogue-like elements and the potential to be the best mobile game to have been released in quite a while. Starless can be played with only one finger. The 2D view is simplistic but the game has plenty of depth when it comes to the strategic thinking that players need to think about when managing the hero's statuses, gathering food and minerals
